

Hashim Tayar Khartoum

EXECUTIVE SUMMARY

A Sudanese expert in information technology and law, with more than thirty years of experience in developing institutional systems, managing projects, and providing ERP systems consultancy. He combines both technical and legal backgrounds, holding academic degrees in programming and law, which grants him a unique ability to understand organizational structures from both technological and legislative perspectives.

Alongside his professional career, he has played an influential community role by founding and supporting activities of the Sudanese community in Saudi Arabia through the Cultural, Social, and Sports Forum. He is distinguished by a strategic vision, disciplined execution, and a clear ability to build and develop work units and human resources in modern institutions.
